

The 5 “W” Questions;

The WHY, WHAT, WISH, WHERE and WINDOW questions! If you answer correctly, you will never be depressed in your learning process. I call them the 5WQs.

Question	Answers
WHY The best way to answer is when you know the problem people face in your community that you can fix with the new skills.	The complex problems and challenges in my community are data Analysis and Visualisation, Education, Healthcare, Environmental Sciences, Scientific Research, Language Translation and Natural Language Processing, Government and Public Policy, Social Sciences, Finance and Trading Etc.
WHAT What are the skills needed to solve the problems in your response?	The skills needed are excellent in Python, Data analysis, CRM, PHP, JavaScript, CSS, C#, Animation and Illustration
WISH Daily goals that will help you in learning the skills you've outlined. Make sure it is measurable (eg: I read one educational blog post on the skill each day) Long term goals: tangle goals related to the problems you outlined in your why answers.	I make sure I watch tutorial videos and also read materials on each of the skills outline above and practicalize daily. With the desire and passion to learn these skills in the next five years I see myself solving the complex problems and challenges in my community with real tie innovation.
WHERE List out the names and handles of people that can help you out when you get stuck. List platforms that you can learn from.	Topman Paul-Dike, LinkedIn @Topman Paul-Dike https://github.com/tpauldike TOKUNBO OGUNJOBI https://github.com/Toxlee Busari Olufunmilayo https://github.com/oluphunmmy iftakher https://github.com/iftakhermasum Christian Deacon https://github.com/gamemann kaoutar Ouargani https://github.com/kawakibb PLATFORMS TO LEARN FROM

	<ol style="list-style-type: none"> 1. Github.com 2. W3 school 3. YouTube tutorials 4. Peer learning groups 5. And Google
WINDOW List the opportunities that you can see around now. How frequently do you want to share your thoughts and works on social media platforms?	<ol style="list-style-type: none"> 1. Innovative opportunities 2. Job creation opportunities 3. Building solutions <p>Regularly on guthub and WhatsApp status but occasionally on other platforms deu to lack of time.</p>
